Harold Denham passed several little stories on to us, concerning some of the winners in the recent Bonus Days drawings. . . . First prize winner, Kittle Olson (after coming all the way from the Mills College area where she lives), and almost didn't deposit them, because as he told her bowling companions, "I never win anything."

Cheryl Ross's name was the second one drawn, and because she was present she received a cash bonus. It was too bad there was a rule of only one winner to a family . . . the third one drawn was that of Cheryl's husband, Bob.

Enola is a pretty name, as well as an unusual one, don't you think? Enola Danner, winner of a \$25 merchandise order from Purcell's Dress Shop told Hal how she happened to receive that name. It seems that Enola's mother was home alone when her baby was born, and if you study the name it is "alone," spelled backwards.

The Peter Fogg family came in from Richmond to attend the recent "Y Spaghetti Feed," which went thoroughly enjoyed, and told us they would be back next year for more of the same. They deposited the Bonus Days ticket they received at the dinner and bought no more about it. Were they ever surprised to hear they had won \$10. Their good deed did off, too.

Maybe there should be a Purple Heart or some kind of an award for club members who work over and above the call of duty. Bayview Aerie Auxiliary members, Rose Cook and Emmalyn (Continued on Page 3)

Albany Girl Wins Rotary Trip Abroad

A young Albany college student, Karin Schwab, of Solano Avenue, is the proud recipient of an Undergraduate Scholarship from the Rotary Foundation of Rotary International for the 1973-74 year. Under terms of the award, Karin, presently enrolled at the University of California, Berkeley, will study French and German languages and literature at the University of Heidelberg, Heidelberg, Federal Republic of Germany.

Karin was sponsored by the Rotary Club of Albany, Ingraham Road, Jr., president, and is one of more than 500 young men and women nationally who received educational awards from the Rotary Foundation.

The Rotary Foundation provides educational and vocational study programs for qualified young people in countries other than their own. Award recipients are expected to achieve not only scholastic excellence, but also serve as ambassadors of good will through contacts with Rotary clubs and others in the host country.

Karin will receive funds covering costs of roundtrip transportation, tuition, meals, lodging, intensive language training and educational travel during her year abroad.

The Rotary Foundation is supported by contributions from Rotarians throughout the world. Since 1947 more than 5,400 young men and women have had the educational experience that Karin will have, at a cost of more than \$14.5 million.

Albany To Have Holiday Decor, Plus New Sign, Says Inter-Club Council

Albany's Flag Fund and the new sign standard proposed for the city, received the attention of Inter-Club Council members this week, but Christmas decorations for the city will take first priority on the \$287.10 Council Christmas funds.

The decision came following discussion of possible uses for the money, and a statement by Harold Van Coops, president, that "The uses for the Flag Fund and the sign standard are worthy causes, but I think the original intention for the money—Christmas decorations for the city—should take priority."

It was further determined to consult Gil Talmadge, last year's Christmas fund chairman, on the possibilities for holiday decor, including a Christmas tree, for Solano Avenue and Key Route Boulevard location.

Several possible locations for the city's proposed new sign board were also discussed. Mel Strauss, Jaycee president, reported that the cost of the sign will be approximately \$62 for each club plus the cost of individual

club signing of about \$80. Gerard Fisher of Berkeley, who created the original sign, has estimated the sign's total cost at approximately \$700 to \$750, according to Strauss. Locations discussed included the El Carrizo Plaza (if free land can be obtained), and the north end of the city near the Blind School. Members felt that freeway signing might prove too dangerous. All city clubs will be encouraged to join the signing, according to Strauss.

In other business, Strauss outlined plans for the Jaycees' upcoming course in effective leadership. Open to all interested young men between the ages of 21 and 35 who live or work in Albany, the course is "about one percent of the cost of similar courses given by Dale Carnegie and others," according to Strauss. The course begins at the next Jaycee meeting set for Wednesday night, Nov. 29, because of the intervening Thanksgiving holiday. Thereafter the course will meet on regular Jaycee meeting nights, second and fourth Wednesdays.

Council members attending were Eleanor F. Kern, Albany Seniors; Ann Truax, American Legion Auxiliary; Floyd Marshall, American Legion; Stephen Parkans, Albany Seniors, and Harold Van Coops, Albany Health Club.

"Nowhere to Go But Up": Council Okays Albany Hill Rezoning 4-1

"We're a city a mile square — with nowhere to go but up!" With these words, veteran City Councilman Lewis Howell concluded the sparsely attended city council meeting last night, at which the city gave final approval to Interstate General Corporation's proposal for Albany Hill's first development—2500 dwelling units clustered in buildings from two to 25 stories in height, which will occupy the L-shaped area comprising the northwest part of Albany Hill.

The 4-1 vote, with Councilman Richard Clark dissenting, was for IGC's application for RZ-14. In a subsequent vote, in which the council approved a use permit to construct the development subject to the changing of certain wording in the recommended conditions, Clark voted yes, assuring a unanimous vote. These changes included the deletion of "for any purpose than" from the stipulation that "in the event the City shall at any time within 99 years fail to use said real prop-

erty FOR ANY OTHER PURPOSE THAN park and recreation purposes, or seek to use said property for any other purpose other than park and recreational purposes, then said property shall automatically revert to the developer or its then successors."

The final terms of agreement between the City and Interstate General Corporation confirm recommended conditions in the agreement read at the public hearing last Monday night and select the first alternative offered by IGC in a letter received this week. This letter, in turn, was in reply to a letter signed by James B. Turner, Administrative Officer, and Lawrence D. Saler, City Attorney, following a conference held here this week with Robert O'Donnell to "iron out certain matters."

Mayor Joseph Carlevaro also was present for the final discussions with IGC. The letter's terms provided that "with the approval of the final plans for construction of the project, all of the open space of the project will be dedicated as permanent open space for park purposes, which will be maintained by us by easement in perpetuity thereafter. . . . Our continued ownership of all of the real property and the maintenance of the permanent open space will be the obligation of the project and at no expense to the City of Albany."

Council members adopted the first of two alternatives offered by Interstate—"either of two park sites, but not both, with an allocation of \$600,000.00 for the purpose of first purchasing additional private property to encompass the proposed Overlook Park of Albany Hill, all at or above the 200' contour of the hill." Refused was the alternative offer of another park site without payment of any sums, and subject to additional revision, rights of way and easements.

Now beginning his retirement from Albany Police Department after 30 years service to the city, is Sgt. James McLeod. The well-known Albany officer was greeted by approximately 150 friends and well wishers at a dinner recently at Fratellanza Club, and received many congratulatory gifts and messages.

On hand also were Sgt. McLeod's son Bruce, a Deputy Sheriff with the Contra Costa County Sheriff's office, and his wife. Presentations were made by Mayor Joseph Carlevaro, Councilman Lewis Howell, Chief of Police Ralph Jensen and others.

Young Albany Artists to Play

Six talented young Albany musicians will perform with the East Bay's Young People's Symphony Orchestra when it presents its fall concert Sunday, Nov. 19, at the Oakland Auditorium Theater.

Representing Albany in the orchestra will be Geoff Chin, horn; Ross Gershenson, horn; Sue Gershenson, flute and piccolo; Rita Kingsley, cello; Fritz Louira, trumpet; and Bob Onweller, percussion. Ernest Douglas, chairman of the Albany High music department, is the associate conductor of the orchestra.

The program, conducted by Yair Strauss, will consist of "Der Freischutz" overture, by Weber, "Pictures at an Exhibition," by Moussorgsky, and Haydn's Symphony No. 102.

Featured soloist will be the young Berkeley pianist Madeline Bloom, who will perform Mozart's Piano Concerto No. 21 in C Major. Tickets are \$1.50 for adults and 50 cents for students, and will be available at the door, and at Hink's and Sherman-Clay box offices.

Councilman Clark, in a brief explanation of his lone dissenting vote, commented that he felt "economics have been a little overstated. The city would gain economically, but I feel the slope of the hill should be preserved. This development is too dense, too high." Clark indicated he would probably have approved a lesser density and building height.

Following approval of the use permit for construction, Councilman Red Call asked City Attorney Saler, "Does this lock in the amount of units (2500)?" Saler replied, "Yes—for this use permit."

Letters Read

Earlier, communications were read from two Albany residents, Anne S. Rotramel, 1120 9th St., and Robert H. Twiss, 739 Pierce St., protesting the development approval. Mrs. Twiss's letter said, in part: "What has not been admitted publicly is that, under our zoning ordinance, Interstate could, in fact, build an additional 500 units on this parcel and still meet present density standards."

Councilman George Hein made the motion for the approval of Interstate's application for RZ-14, commenting that "many, many public hearings have convinced me that this is good for the City of Albany—it is not detrimental to the health, welfare or safety of any citizen." Councilman Howell seconded the motion.

Concluding the Albany Hill hearing, Councilman Howell commented he believed the approval to be a "great step forward for school districts, senior citizens and average homeowners." He pointed out that the increased 45 percent valuation "may be the answer to many senior citizens being able to stay in their homes." Howell then remarked that in his 22 years as an Albany city councilman, he "never believed to see the day that Overlook Park would be available."

Asking for comment from the floor after the vote last night, Mayor Carlevaro had no takers. But afterwards, in the midst of several "Friends of Albany Hill" dissenters, attorney Herbert Rubin, 899 Hillside Ave., stated it is possible his group "may take action" after they have thoroughly read the agreement. Rubin also commented that he feels it is possible the moratorium requested by those studying the Environmental Impact Act might also affect the immediate future of Albany Hill.

Other Action

In other action last night, the City Council approved the Building Report for October, and reports from the Fire Department, Treasurer, Finance Director, the September report of the Berkeley Humane Society and the Parks and Recreation Calendar of Special Events, Nov. 1 through Nov. 30, 1972. Councilmen also attended to communications from William M. Bennett, Board of Equalization, regarding refund, sales and Use Tax refund of \$239.17, and from James B. Turner, Administrative Officer and Bette C. Rhodes, Finance Director, regarding re-deposit of Time Deposit Funds in the amount of \$113,000 and approved pension payments for the month of October in the amount of \$6,272.20.

Ordinance No. 72-016, establishing new qualifications for Chief of Police, as heard last meeting, was approved, repealing Ordinance No. 72-011. Final action of the Council was approval of Resolution No. 72-86 commending Robert I. Willson, whose resignation from the Park and Recreation Commission was "accepted with regret" last Monday night.

See the new continuous-cleaning gas ovens that do their own dirty work. The oven keeps itself clean while you're using it at normal oven temperatures. Gas cooking is efficient and economical too. And gas ranges actually conserve natural gas. That's because it takes more gas as fuel in steam-electric power plants to make equivalent heat for electric cooking. **PG&E**

Altamirano, who had worked diligently since July on items to be sold at the Auxiliary's booth at the EC Plaza on Oct. 14, volunteered to man the booth, because the chairman was unable to do so due to foot surgery.

If you remember, that was a very cold and wet day, but Rose and Emmalyn didn't let the weather dampen their spirits, and managed to net approximately \$150 for the club, in spite of the weather and what they considered a bad location for the booth.

It's gals with this kind of spirit that keep our clubs going.

One last note on the recent election. . . Debbie Blank, a 1970 Albany High grad, age 20, voted for the first time in a presidential election this year. However, Debbie, a junior at UC, is currently attending Hebrew University in Jerusalem, as part of the UC Education Abroad program. So she asked her parents to obtain an absentee ballot for her.

ballot he looked it over, and immediately stomped down to the Courthouse and demanded a new ballot for Debbie. "I want an Albany ballot," he exclaimed, while the clerk looked over the returned ballot and remarked that it looked the same as every other ballot in the General Election.

However, after a conference, the clerk finally brought back another ballot for Code Area 64, instead of the original one which was for Code Area 63. "How in the world did you ever know it was the wrong ballot?" she asked the irate father.

"That's easy," he said. "It didn't have Measures H & I at the bottom. While Debbie and I don't always agree on candidates, that's one measure on which she and I are both voting 'Yes.'"

Of course, as you all are aware, the father was Jerry Blank, chairman of the School Bond Committee, and even though the School Bonds failed, they had one loyal vote from Israel.

Unique Thanks

The Albany Parent Nursery School and the Community Center in University Village are both sporting a new look these days—thanks to the gratitude of a visitor to the community.

Ruth Lior and her daughter, Iris, executed several delightful murals for the walls of the buildings, as a way of "expressing our gratitude to University Village—the delightful and relaxing place where we have been living for the past five years, and to its lovely nursery school."

"We appreciate the place," Ruth noted, "even more so—being foreigners in this country—and since we will have to leave when Iris' daddy finishes his doctoral studies."

Ruth, her husband, Noam, and their two children, Iris and Ron, who were born here, will return to Israel when he completes his doctorate in mechanical engineering at UC Berkeley.

Ruth, who has a degree in design from the University of California, has had two exhibitions of her work. She has also worked as a designer and a teacher.

THE VETERAN'S CORNER

by Chas. Lindh

BOYS NATION is another important Americanism project of the American Legion. It is held annually in Washington, D.C., and two of the most outstanding boys from each Boys State, held in the United States that year, are selected to attend. The Boys Nation provides them the opportunity to learn how the various divisions of the Federal Government operate.

On arrival each boy becomes a senator. A caucus is held, committees are formed, hearings are conducted on bills specially prepared for them. Congressmen and U.S. Senators participate in these hearings.

The boys are briefed by the Senate sergeant-at-arms on the proper procedure and the proper method of handling these bills. At a special half day session at the Capitol the boy senators introduce, debate and act on these bills.

On the same day the boys dine in the U.S. Senate dining room and meet elected Representatives and Senators from their home states.

The members of Boys Nation visit the F.B.I., lay a wreath at the Tomb of the Unknown Soldier with ceremonies conducted by the National American Legion Guard of Honor, visit many memorials, view the U.S. Supreme Court chambers, have dinner with radio and press notables, attend church services on Sunday during their stay. They hear ranking Representatives explain House procedure and Cabinet officials explain functions and operations of their departments. They see the Pentagon and visit high ranking officials in the Department of Defense.

At the close of Boys Nation graduation ceremonies are held and each delegate receives a Certificate of Attendance.

Then the boys return to their homes eager to tell their families and friends about their wonderful trip to Washington and the many things they learned about our government.

Editor, the Times:

"If you can keep your head while all about you — Are losing theirs and blaming it on you."

1972 has been quite a year. Albany Hill has been Thumbs-down by the Friends of Albany Hill. Albany has been sunk by a "coalition." Albany schools have been torn down by the School Board and turned down by the voters.

"If you can trust yourself while all men doubt you — Yet make allowance for their doubting, too."

The schools will be built—but "the impossible takes a little

longer." The General Plan of the City is under review by the Planning Commission. Ultimately, this will result in recommendations to the City Council for revision of the Zoning Ordinance. The review process will encompass public hearings, petitions from concerned groups, letters to the editor.

"If you can picture the City you'd like to live in With others who have a different view, You'll help, by working all together And Albany's dream of homes may yet come true."

Editor, the Times:

I would like to express my sincere appreciation to all the people who voted for the School Bonds in the last election. I am especially grateful to them for putting the safety, education and welfare of the children of Albany before their thoughts of property taxes and the use of part of their athletic field.

I hope those who voted against the Bonds can sleep easy at night with the thought it is not their children who have to walk a mile

WE OFFER THREE TYPES OF GROUND BEEF TO MEET DIFFERENCES IN TASTE, PREFERENCE AND USE.

TYPE	FAT CONTENT	OBJECTIVE APPROXIMATE RANGE
Regular Ground Beef	25% to 27%	
Lean Ground Beef	19% to 21%	
Super Lean Ground Beef	13% to 15%	

For example, a one-pound package of regular ground beef would contain approximately 11.7 to 12 ounces of lean meat while a one-pound package of super lean ground beef would contain approximately 13.6 to 14 ounces of lean meat. Subject to preferences of taste, buy only as lean as you really need.

The former use of the names "Ground Sirloin," "Ground Round," and "Ground Chuck" was never intended to mean that the particular cut referred to was the only source of the ground beef sold under that name.

All of our ground beef is prepared with close attention and guaranteed to assure excellent quality. However, even with the most modern equipment and technology now available, it is not yet possible to guarantee that each package will fall within the fat content objective.

ALL OF OUR GROUND BEEF CARRIES THE FAMOUS SAFEWAY GUARANTEE.

It MUST please you or we will promptly refund your money.
